

LC/D	2 groups model	
Colour	Inox/Black	
Size [mm]	L. 625 x H. 472 x P. 510	
Weight [kg]	49	
Hydraulic specifications		
Cooper boiler capacity	Lt. 13	
Independent heat exchanger tied to boiler	2	
Chromed brass group heads heated independently	2	
Steam spouts	1	
Water spouts	1	
Pressure gauges for boiler and pump	1	
Automatic boiler filling	sì	
Automatic anti-suction valve	sì	
Built in volumetric pump	1	
Electric features		
Electric heating at maximum power (Main switch set at maximum power)	240-230V	5000 4500
	415-400V	
Electric heating at reduced power (Main switch set at reduced power)	240-230V	3500 3000
	415-400V	
Other features		
Electronic preinfusion	sì	
Electronic dose setting	sì	
Pod-Adapter Kit	sì	
Number of selections	10	
Performance		
Hot water production per hour (150 cc per cup)	300	
Espresso coffee production per hour (30 cc cup in 25-30")	300
